CINEC Education Group (Canada)

SUMMER FUN

## Follow CINEC, Experience a Different Summer Vacation

CINEC Education Group (Canada) has been organizing overseas study tours for primary and secondary schools since 2004. We are one of the first educational institutions in Canada engaged in international exchanging programs. Therefore, we have many years of experience and form long-term cooperating relationships with a number of public schools and public school boards in North America. For many years, we have been the leader in our industry and consistently provide high-quality services to our customers. As a result, we have an exemplary reputation and a continuous stream of customers.

In a spirit of "Better Education, Better Future", we look forward to bringing a wonderful Canadian summer camp experience to our students.

## Enjoy The Summer Sunshine in Canada with an Inspiring Mood

Canada's population is wonderfully diverse. More than 40 major cultural groups are represented, with a significant number of Asian, European and Latin communities– all creating a vibrant cultural mosaic in which distinct cuisine, architecture, language and arts thrive. Vancouver, British Columbia is a sunny summer wonderland for visitors. As the perfect destination for a summer vacation, it offers a myriad of attractions, golden beaches, refreshing water activities and 'fun in the sun' activities for everyone to enjoy all summer long.

CINEC Education Group (Canada) has worked closely with students for 15 years. The public school boards we work with, such as Vancouver School Board and New Westminster School District, have successfully held a large number of short-term courses and international student receptions. In addition, all the activities will be group activities supervised by teachers and chaperones to ensure the safety of the students. Therefore, you will feel at ease even it is your first time going abroad.
